Main Game Screen

Bonus Screen

Rapidly insert coins one after another to pop as many balloons in the same column as you can. The higher you go, the more you win! Pop any BONUS BALLOON and you'll play in the bonus round. Pop the GOLDEN BALLOON in the top row and you'll win the JACKPOT!

Wait for the balloons shown on screen to start blinking randomly. Push the flashing red button to pop your bonus balloon and claim your tickets.
